Eligibility and consortium building

MANDATORY
- at least three participating partner organizations
- at least three different countries
- must address one or both topics
- transdisciplinarity of the research consortium
- data and digital objects management plan
Eligibility and consortium building

SELF-FUNDED PARTNERS
- participate in the research project at their own expense
- does not count towards the minimum of three supported partners criterion.

IN-KIND PARTNERS
- participate in the research project supported by in kind contributions from one of the funders
- count towards the minimum of three supported partners

Eligibility and consortium building regulations
Eligibility and consortium building

TRANSDISCIPLINARITY

• including researchers from:
  a) social sciences/humanities
  b) natural sciences,
  c) societal partners

using a co-design, co-development and co-implementation approach.

The active role of stakeholders in the project is a key criterion

• should be clearly demonstrated in the application (allocation of responsibilities, workload and funding among the consortium partners.)
Eligibility and consortium building

TOPICS

**Topic 1** – Development of networks and communities of practice that address the inter-linkages, synergies, and trade-offs among three or more of the sustainable development goals.

**Topic 2** – Synthesis of positive and negative inter-linkages among three or more sustainable development goals using quantitative and/or qualitative methodologies.

Proposal requirements

CALL PROCEDURES

• One-step process
• Full proposals must be written in English
• Submitted electronically via the Belmont Forum Grant Operations website: https://www.bfgo.org/.
Proposal requirements

Read Call Documents

Logistics

- Call Opens: 23 July 2020 20:00 UTC
- Proposals Due: 31 October 2020 23:59 UTC
Proposal requirements

DETAILS
• provided via the application portal https://bfgo.org.

TRAINING MODULES
• available for proposers on the Belmont Forum YouTube channel.

Before starting to prepare proposals, applicants are advised to contact their funding organisation(s) as listed in the annex documents for the call.

Transdisciplinary Research for Pathways to Sustainability (Pathways 2020)

Pathways Proposals

Call Opens: 23 July 2020
Proposal Due: 31 October 2020

The Belmont Forum is pleased to announce the launch of a collaborative research networking call on the theme: Transdisciplinary Research for Pathways to Sustainability.

The goal of this CRA is to provide a science base for achieving sustainability goals. The CRA will support 1-2 years of collaborative research networking activities that focus on integrated qualitative and quantitative approaches to develop Earth-system-based transformation pathways for sustainable development.

Belmont Forum Collaborative Research Action on Transdisciplinary Research for Pathways to Sustainability

The Belmont Forum, in collaboration with Future Earth, is launching a call for proposals on “Transdisciplinary Research for Pathways to Sustainability”. The call aims to support transdisciplinary networks to innovate solutions and/or synthesize positive and negative inter-linkages between the economy, technology, institutions and the environment, climate biodiversity, and human well-being. This will support the co-design of sustainable development pathways.

Pathways to Sustainability

INSTRUCTIONS FOR PROPOSALS

A copy of the proposal must be submitted by the Consortium's Lead Principal Investigator (PI) (or the Consortium Lead PI organization where appropriate) through the electronic proposal system accessible through https://www.bfgo.org, by the application deadline. Consortium Leads are requested to write the proposals directly into the system. However, the accompanying form may be used to formulate your response and to share the proposal drafts among your consortium members.

Note: Both Consortium Lead and Partner PIs may also be contacted separately by their relevant Funding Agencies, as appropriate, for detailed guidance on how to submit one copy of the Proposal through their supporting funding systems.

General guidance for all applicants:
- the proposal must be written in English
- the different sections of the application should not exceed the prescribed maximum number of characters. Characters beyond the limit will be removed.
- non-text descriptions such as graphic chart, diagrams, figures, etc., can be presented only in the two sections, 15 (Project description) and 16 (Management plan) and should be uploaded into the system in a PDF format; graphics up to half a page count as 200 characters per graphic, over a half page and up to a full page as 400 characters per graphic
- any documents other than those requested as part of the proposal will not be forwarded to External Reviewers or Panel members
NEED HELP?

For questions about these grant opportunities, please email info@belmontforum.org.

For application system questions, please email help@bfgo.org.
